WJEC/Eduqas issue two types of answer book:

1. A standard 16-page pink answer book for use whenever a separate answer book is stated as being required.
2. A standard 4-page pink continuation book for use when further space is required.

## Despatch and storage of answer books

Answer books are despatched to each centre in advance of each examination series. Answer books for the May/June series are despatched on the basis of preliminary entries during the winter each year, and an additional despatch is made in the spring to take into account any changes made in final entries.

Answer booklets are only for use in external examinations, and **must not** be used for any other purpose including for mock examinations. JCQ regulations require that they are stored securely in the centre's secure storage room.
